Vicky,

I have uploaded all of the information for Dugout Canyon from the pipeline into the database. A report is attached.

It looks like you have included all required samples and parameters, except for the December samples at UPDES Outfalls 001, 003, and 004.

Please let me know if you have any questions.

Thank you,

The information in the pipeline should complete the data entry for the 4th Quarter of 2004 for Dugout Mine and is ready to be downloaded. If there are any questions or if data is missing please contact me.
Thank You, Vicky Miller
